Our company specializes in creating custom promotional exhibition booths designed to make your brand stand out at trade show events. We offer a wide range of products, including hanging banners, pop-up displays, outdoor advertising solutions, table covers, and stands, all customized to fit your brand's unique image and colors. Every product is tailored with your logo and branding to ensure consistency and visibility. These promotional tools enhance your brand's marketing impact by creating an engaging and cohesive presence that draws attention, communicates your message, and leaves a lasting impression on your audience.

COLLAPSIBLE DISPLAY STAND

No Tools required for installation

A collapsible display stand is a versatile, space-saving solution perfect for trade shows and events. This modernized collapsible display system is suitable for holding a TV, tablet PC, and brochures, making it ideal for showcasing multimedia presentations and printed materials in a compact, professional setup. Its easy-to-assemble design allows for quick setup and breakdown, offering convenience and adaptability for any promotional environment.

ADJUSTABLE BANNER STAND

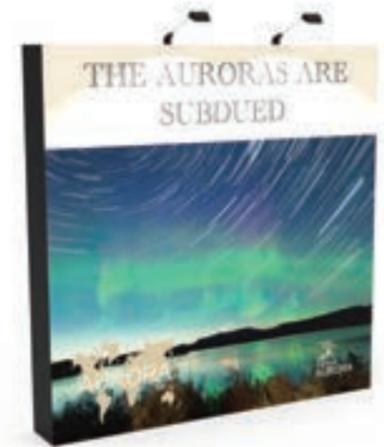

STRONG VELCRO FABRIC POP UP BANNER

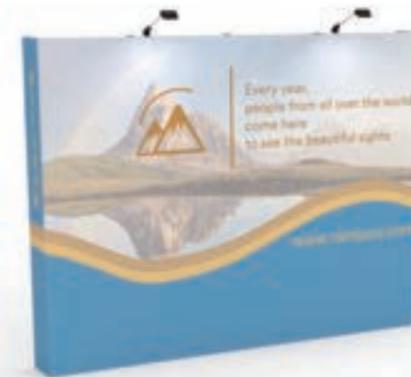

Our Strong Velcro Fabric Pop-Up Banner is a premium choice for trade shows in the EU and U.S. market. Unlike typical displays, ours features robust poles with a thickness of 1mm and a diameter of 17mm, ensuring superior durability and easy assembly. The one-piece fabric polyester banner is expertly stitched for a smooth, wrinkle-free finish, while both the banner and frame utilize velcro for effortless setup. Printed using advanced heat transfer technology and eco-friendly inks, this banner delivers vibrant, long-lasting colors. Compact and easy to transport, it's the perfect solution for any trade show display.

Weight: 10kg
Packing Size: W14xH43xL63cm

This sleek and versatile portable tower is constructed from medium-density fiberboard (MDF), aluminum poles, and plexiglass display panels, wrapped in a polyester banner. The foldable oxidized aluminum poles are lightweight, portable, and resistant to scratches. The MDF base features anti-skid pads, making it suitable for wet environments while offering excellent transparency for product displays. It can also serve as a trade show counter by removing the plexiglass panels.

Details

The Pop Up A-frame banner is a widely favored outdoor advertising sign in both the EU and US markets. Its structure features a spring metal frame, offering flexibility, portability, and durability. With expert stitching on the two fabric banners, the entire unit remains wrinkle-free. The top of the frame enhances stability, and the banners can display either identical or different images. This banner is an excellent choice for tradeshows, sports events, and other functions.

HOW TO ORDER

- 1 Choose Your Product:** Select the product you want to customize from our wide range of options.
- 2 Submit Your Design Details:** Send us your artwork, logo files, preferred colors, and any design instructions. Our team will use this information to create your design.
- 3 Design Process Begin:** Our designer will start working on your custom design based on the details you provided.
- 4 Review Your Mockup** You'll receive a mockup of your product to review. At this stage, you can request any changes you'd like. If adjustments are needed, the designer will make them and you a revised mockup for approval.

5 Approve and Proceed to Production: Once you're happy with your design, approve it, and we'll begin production.

6 Shipping and Tracking: After production, your order will be shipped, and you'll receive a tracking number to follow its delivery.
